

GSATS MTP PUBLIC INFORMATION MEETING #1 PRESS RELEASE

GSATS Seeks Input at Public Meeting for the 2045 Metropolitan Transportation Plan Update

In-person and Online Engagement Opportunities Available

GEORGETOWN COUNTY, SC (May 22, 2023) - Today, the Grand Strand Area Transportation Study (GSATS) launched a [virtual public information meeting](#) for their 2045 Metropolitan Transportation Plan (MTP) update which will be accompanied by five in-person meetings. The in-person public information meetings will occur over the course of three days from May 23 through May 25 (See times and locations below). However, you can visit the project's virtual meeting anytime now through June 14, 2023. To review materials and provide comments click [HERE](#) (<https://gsats.org/mtp/>). Scan the QR code to take our survey!

In-person meetings

Tuesday, May 23, 2023

- 12:00 PM - 2:00 PM, Shallotte Town Hall, 110 Cheers Street, Shallotte, NC
- 5:30 PM - 7:30 PM, North Myrtle Beach City Hall, 1018 2nd Avenue South, North Myrtle Beach, SC

Wednesday, May 24, 2023

- 12:00 PM - 2:00 PM Carolina Forest Recreation Center, Horry County Parks and Recreation, 2254 Carolina Forest Boulevard, Myrtle Beach, SC
- 5:00 PM - 7:00 PM, Horry County Memorial Library - Surfside Beach, 410 Surfside Drive, Surfside Beach, SC

Thursday, May 25, 2023

- 2:00 PM - 4:00 PM, Murrells Inlet Community Center, 4462 Murrells Inlet Road, Murrells Inlet, SC

The purpose of this public information meeting is to explain the MTP update purpose and process as well as to present the existing transportation systems and conditions. The GSATS team is also asking for the public to give their input on their needs, concerns, and priorities for the Grand Strand area to help shape the vision for the future of transportation in the region.

The 2045 GSATS Metropolitan Transportation Plan Update will develop a vision for satisfying existing and anticipated travel demands on the multimodal transportation system serving the GSATS area through 2045. The MTP will support a balanced, multimodal, and sustainable transportation system.
